## **F1 in Schools – After School Club**

Dear Parents and Carers,

As part of our wider plans to develop the D&T curriculum throughout the school, we have a very exciting opportunity to enter teams into this year's F1 in Schools competition. We already have our place reserved into the regional final in Telford in the summer 2022! All we need now is a team, or two!

We are opening this opportunity up to Year 6 pupils in the first instance but will place any interested Year 5 pupils onto a reserve list. See the reverse of this letter to find out more.

We plan to run this as an after school club, with some sessions taking place during school time too. The club will run 3.15 -4.30pm every Monday and be charged at £3.50 per week. We need commitment from anyone that signs up, to attend every week.

If your child would like to join our team, please complete the form below and return by the 16<sup>th</sup> December, so that we can then confirm your place before the end of term. The first session will start on Monday 10<sup>th</sup> January.

Miss Jones

Class Teacher & D&T Lead

-----

### **F1 in School – After School Club**

Name \_\_\_\_\_ Year Group \_\_\_\_\_ would like to be part of the F1 in Schools team, and commits to attend every Monday 3.15 – 4.30pm, starting Monday 10<sup>th</sup> January.

## What is F1 in Schools?

- F1 in Schools Ltd is a not-for-profit company established with committed partners to provide an exciting yet challenging educational experience through the magnetic appeal of Formula 1.
- F1 in Schools is the only global multi-disciplinary challenge in which teams of students aged 9 to 19 deploy CAD/CAM software to collaborate, design, analyse, manufacture, test, and then race miniature compressed air powered cars made from F1 model block.
- It is a unique global platform for the promotion of Formula 1 and partners to a youth market.
- Teams must raise sponsorship and manage budgets to fund research, travel and accommodation.
- The challenge inspires students to use IT to learn about physics, aerodynamics, design, manufacture, branding, graphics, sponsorship, marketing, leadership/teamwork, media skills and financial strategy, and apply them in a practical, imaginative, competitive and exciting way.
- The founding constitution of F1 in Schools stipulates that it is, and shall remain, a not-for-profit organisation. Funds raised through sponsorship are invested in administering, developing and expanding the challenge. All income is deployed in accordance with guidelines laid down by Formula 1.

## WHY GO FOR IT?

**Because competing is an amazing experience.**

- Compete with other teams in a controlled environment
- Develop invaluable interpersonal skills
- Put your teamwork abilities to the test
- See your ideas and designs come to life
- Demonstrate good sportsmanship
- Have loads of fun while learning life skills
